Tuscola, IL

A MESSAGE FROM THE MANAGER

Doug Bauer

Tip of the month

Don't always reach for your wedge's when around the greens chipping. Certainly there is a time and a place when a higher lofted club is needed but that is not always the case. A great example would be lying just off the green with 30-40 feet between you and the pin. This is a great spot to pull out that 7 or 8 iron and let the ball roll to the hole instead of flying it 3/4 of the way there. You have much more control of a ball on a surface versus one in the air. I guarantee you will find better results around the green implementing this simple tip. Good golfing!!
