## A MESSAGE FROM THE MANAGER

Doug Bauer

Tip of the month-Practice with a Purpose

More often than not I see people on the range practicing with little to no purpose. Try these simple tips to get the most out of your practice session:

1. Before starting be sure to do some stretching exercises and get loosened up.
2. Start with your shorter clubs(wedges) and work your way to your longer ones.
3. Always pick a specific target and routinely change targets.
4. Whatever your pre-swing routine consists of, go through it on every shot.
5. Take your time, it's not a race to see how fast you can hit a bucket of balls!
6. Don't hesitate to spend an equal amount of time working on your chipping and putting. Count your shots up at the end of your round and you might be surprised how many came from inside 20 yards from the green.

I hope these simple tips can help you get the most out of your practice sessions!!

Sincerely,  
Doug
